Lamar History

Lamar Elementary School was built in 1951 in South Amarillo. Lamar feeds into Fannin Middle School and Caprock High School. With the classic school architecture of the 1950's and 1960's we have a similar design to many neighborhood schools built in Amarillo during this period. Lamar has a rich history of quality students, instruction, staff and parent involvement. Lamar has had numerous employees and thousands of successful students walk the halls. The attendance area is made up of single family homes that are either owned or leased. We have 1 apartment complex that also feed into our school. Lamar enrollment is about 335 fantastic students and 60+ dedicated staff members.
